

Salamander Crossing Sites South Newfane

Dover Road #1

This is the priority site. Look for a red farmhouse on the right after you pass the South Newfane General Store as you're heading toward Dover. Amphibians cross to a pond near the house.

Auger Hole Road

A third site is just past Olallie DayLillies, just after pavement end on Auger Hole Road.

Dover Road #2

Salamanders cross about a 1/4 mile stretch from the west side of the covered bridge up to the second house on the right.
